THE EICMA EDITION

FROM BARCELONA TO CAPE TOWN

Embarking on a 17,000 km odyssey across Africa, Alex Costa & his team—Lucas and Pablo—are turning their dream into reality.

Their mission?

To traverse the African continent from north to south on two wheels. At Kappamoto, we're thrilled to support this ambitious expedition by equipping the team with our K'RUGGED soft luggage.

Designed for durability and versatility, these bags are the perfect companions for the rugged terrains and unpredictable conditions of the African journey.

Check out their journey and follow their updates on Instagram @down.to.africa
Stay tuned for more stories from the road!

VOB-1-2026

THE GARAGE SPIRIT

Where timeless style meets modern motion.
Inspired by the elegance of Italian design &
the spirit of the open road.

Minimal lines, purposeful form — made by riders, for riders.
Confidence that moves from city streets to wide horizons.

THE EICMA EDITION

**THIS IS THE SPIRIT
OF MOVEMENT
WITHOUT LIMITS**

A mindset built on curiosity, adaptability,
and a thirst for experience.
Where every ride becomes a story —
not defined by destination, but by the
freedom to go beyond.

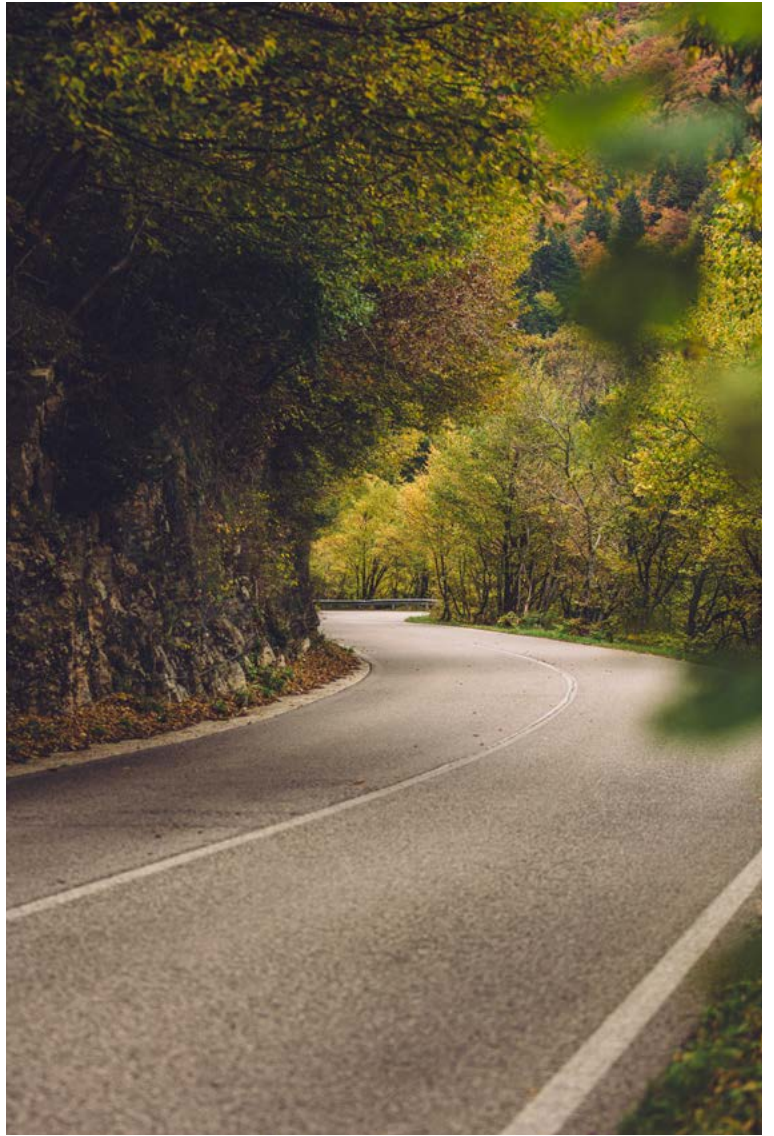

URBAN EDGES, OPEN HORIZONS

A new way of riding is emerging — one that lives between the pulse of the city and the call of the unknown. Riders today move effortlessly through contrasts: concrete and gravel, skyline and horizon, precision and instinct

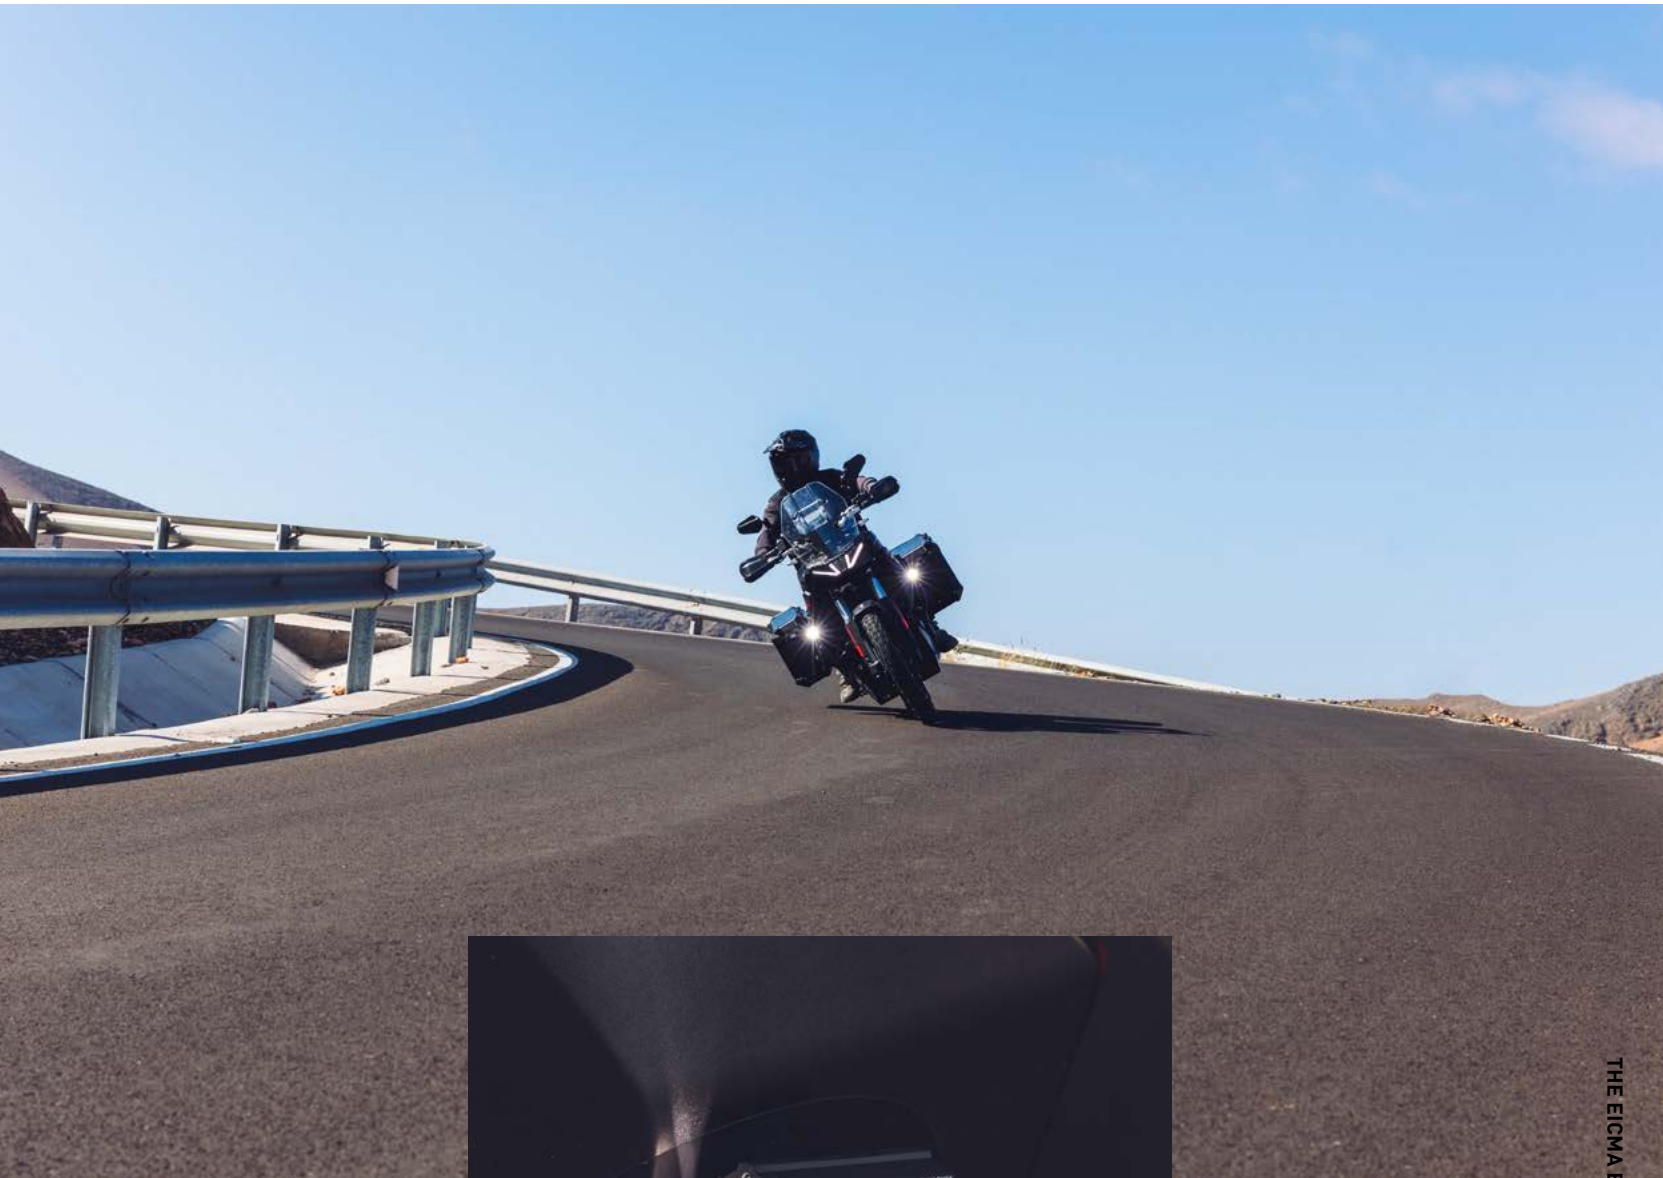

It's not about choosing between urban rhythm or distant trails — it's about embracing both.

THE EICMA EDITION

THE EICMA EDITION

BLOWING IN THE WIND

When the elements push back, the rider pushes further. Strength, control, and the unmistakable pulse of real adventure define every mile.

Developed to perform when conditions demand more. Each component is tested inside the K'LAB, where technology and passion meet the reality of the road—proving that reliability is not claimed, it's earned.

BE URBAN

In the city, movement is everything.

THE EICMA EDITION

In the city, movement is everything.
Precision meets practicality, and design
becomes part of your daily routine.
